Murphys Waves Ltd

INTRODUCTION

Murphys Waves Ltd are world leaders in the design and manufacture of high quality wave generators and specialised surf generator systems for wave pools, surf pools or surf parks.

Our new 'Surf-Air' attraction is the world's first ever inflatable flow surfing ride. The Surf-Air requires absolutely no construction and it can be fully inflated and made operational in only a few short hours.

Murphys Waves Ltd

BACKGROUND

The Surf-Air® has patent pending technology and does not require any construction work (just a firm base for the ride to sit on).

Surf-Air can be erected in only a few hours making it perfect for both long and short term operation, or as a portable attraction that can be moved from city to city.

It's unique padded & flexible surface ensures maximum safety during all levels of use.

Not only thrilling for those riding, the open-plan design also makes Surf-Air perfect for spectators, inviting those watching to become involved and really feel the action close-up.

SURF-AIR

Surf-Air caters for all levels of rider, as you will see in the coming pages.

Surf-Air can be inflated and made fully operational in only a few hours making it the perfect surf attraction for water parks, campsites and shopping malls etc. The ride can even be located on the beach or taken from city to city for publicity events.

Surf-Air uses our unique patent pending inflatable Soft Fall ride surface.

FULLY TRANSPORTABLE
